Service Openstack Cloud de la DSI INRAE

Version 0.0.1

Modifier les metadatas des images

⚠ Pour vous assurer de consulter la dernière version de la documentation et ainsi disposer des informations les plus récentes ainsi que pour un rendu optimal, privilégiez la version en ligne : https://documentation.cloud.inrae.fr/

Modifier les metadatas des images

```
$> openstack image set --property '<key=value>' <image>
```

- **key=value** : propriété a ajouté a l'image
- **image** : nom ou ID de l'image sur laquelle on souhaite modifier les metadata

> **A noter**
>
> Pour récupérer les informations des images disponibles sur le projet vous pouvez suivre la documentation ici

Exemple :

```
$> openstack image show AlmaLinux-8.10
